

E-Governance for Efficiency and Effectiveness (E3) Project

Project No.	:	A030594
Project Cost	:	Cdn\$ 9.5 million (including monitoring and evaluation)
Duration	:	5 years (2006 – 2011)
Canadian Executing Agency	:	Bearingpoint LP and Intelecon Research and Consultancy Ltd.
Location	:	Nationwide
Implementing Agency	:	Commission on Information and Communications Technology (CICT)

PROJECT DESCRIPTION:

The E3 Project is designed to assist the Government of the Philippines (GOP) in using information and communication technologies (ICTs) within the social services sector. Its primary focus is raising awareness and developing increased capacity amongst key officials throughout the GOP in the strategic use of information and communication technologies within the social services sector of the society. To demonstrate the application of ICTs to deliver social services and the improved capacities of the GOP, the E3 project proposes to have target social service agencies work closely with CICT on the implementation of pilot projects in selected regions of the country that will aid the disadvantaged.

PROJECT GOAL:

To foster efficient, responsive, transparent and accountable governance at all levels and especially with respect to social services.

PROJECT PURPOSE:

To contribute to the GOP efforts to improved and equitable access by poor women and men to government social services through information and communication technologies.

E3 Project is discussed in more detail at its website with URL <http://www.e3gov.org/>
