Tel: (052) 830-1451
Mobile No. (0916) 668-1013
6. Duration : August 31, 2004 - September 30, 2005

7. Project Description :

The project shall involve the construction of communal water system with elevated water tank and free flowing artesian well level 1 in Zones 1,2,3,5 and 6 of Barangay Balza, Malinao, Albay. The wells that will be constructed will provide drinking water to 280 households in the area, address the issue on sanitation, decrease the incidence of water borne diseases and doing chores (watering the plants, washing, etc.) easier for the women. The proposed well is about 120 meters deep, with a withdrawal rate of 3.20 liters per second (lps). The wells will be constructed in each zone having a distance of about 400 – 500 meters long between each wells.

8. Beneficiaries : 1,598 individuals, 238 children

9. Expected Results :

- Potable drinking water will be provided to the 218 households
- 218 households will be able to maintain the cleanliness of the surroundings
- Health problems of 218 households will be minimized
